

MANITOBA CHAMPIONS

THIS JOURNAL CONTAINS MEMORABLE
EXPERIENCES FROM THE MANITOBA
CHAMPIONS TRAINING COURSE IN 2023

National Collaborating Centre
for Infectious Diseases
Centre de collaboration nationale
des maladies infectieuses

FUNDED BY

MANITOBA CHAMPIONS

TOPIC OF THE DAY Criminalization and violence

AUTHOR Mariana Echeverri

DATE July 19, 2023

THE REASON WHY

We wanted to learn about what is criminalization, how does criminalization contribute to violence, and how does it affect people living with HIV and people experiencing homelessness

HOW WE DID IT

Dr. Katharina Maier shared a presentation about criminalization, what it means and how different actors criminalize certain groups and people and the consequences of this

WHAT WE LEARNED

We learned about the concept of criminalization, who's doing the criminalization, street violence and victimization, policing and criminalization. We also learned about the research that Dr. Katharina Maier and her team are doing to better understand criminalization in different cities across Canada.

THE FACILITATOR

Dr. Katharina Maier

THE EXPERIENCE
