## TOPIC OF THE DAY

HIV: Transmission,  
Prevention and Treatment

## AUTHOR

Mariana  
Echeverri

## DATE

March 29, 2023

## THE REASON WHY

We wanted to learn about HIV, how it is transmitted, how to prevent it and how we can treat it

## HOW WE DID IT

Dr. Laurie Ireland shared a presentation and answered questions related to the transmission, prevention and treatment of HIV

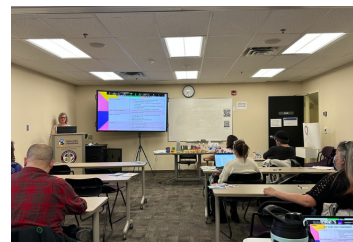

## WHAT WE LEARNED

We learned more about what HIV is and the differences between symptoms. We also learned about HIV transmission, how to reduce your risk of getting HIV and most importantly how HIV can be treated, based on what is currently available in Canada

## THE FACILITATOR

Dr. Laurie Ireland
