

MANITOBA CHAMPIONS

THIS JOURNAL CONTAINS MEMORABLE
EXPERIENCES FROM THE MANITOBA
CHAMPIONS TRAINING COURSE IN 2023

National Collaborating Centre
for Infectious Diseases
Centre de collaboration nationale
des maladies infectieuses

FUNDED BY

MANITOBA CHAMPIONS

TOPIC OF THE DAY

Harm Reduction: Substance use and Sexually Transmitted and Blood Borne Infections

AUTHOR

Mariana Echeverri

DATE

June 7, 2023

THE REASON WHY

We wanted to learn about harm reduction in general and specifically about STBBI's and drug use and get to know the resources that are available in the city

HOW WE DID IT

Joseph Keilty shared a presentation and did a hands on demonstration to teach us about the most important harm reduction supplies that people can access through Street Connections

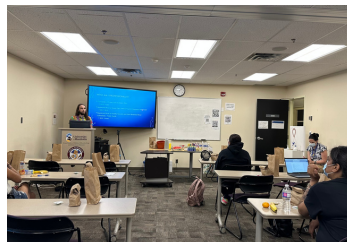

WHAT WE LEARNED

We learned about the philosophy of harm reduction, general principles of harm reduction, some common terms and the numerous places, resources and harm reduction items that can be accessed in Winnipeg. Joseph did a hands on demonstration to explain about the supplies they brought and how people can use them

THE FACILITATOR

Joseph Keilty, RN

THE EXPERIENCE
